Subject: Re: IRIS agenda - report on status of methanol cancer assessment

I've made a couple of suggested edits below in red.

Thanks,
Jeff

Subject: IRIS agenda - report on status of methanol cancer assessment

Here is a paragraph describing the status of the methanol cancer assessment. I borrowed as much as I could from the write up on the Ramazzini PWG on the IRIS website. This will be the first time EPA talks about the future of the methanol cancer assessment, and the fact that the noncancer assessment will go forward. Please send me any comments today.
